Hello 김정곤 목사님,

Happy New Year to you and your family! 2025 was a year that deeply established our love for this land, the people we minister to, and the team we do life with. As we enter into another year of ministry, we want to express our gratitude to the Lord and to all of our financial supporters and prayer partners who have generously given toward our family and missions.

Thank you so much for allowing us to continue this work and experience God's faithful provision each month. We are humbled by your obedience to the Lord and your commitment to the Great Commission.

The Bridge

Ever since the launch in October, The Bridge has been growing. Howard had an opportunity to share about the Bridge and English Corner at one of Indra's (friend from English Corner who is a lecturer at Udayana University) classes, and one M_slim student started coming out to the Bridge since then. Three students from Udayana University have been attending consistently, along with several others from neighboring college campuses and a few from a H_ndu community that Abbalove has been ministering to.

We hosted a board game night, which was a big hit, and a Christmas "White Elephant" gift exchange party that had a great turnout. As the conversations have grown deeper and more vulnerable, we've found it helpful to set an age limit for attendees to protect the intimacy of

the Lord will do through The Bridge in 2026.

Alas Kasih Orphanage Visit and Christmas Party

We paid a visit to the Alas Kasih orphanage with the KME students in early November and saw how the main meeting room has undergone a major transformation. With the financial

hold services alongside the local church community nearby.

On Christmas Day, nearly 40 kids from the orphanage joined us for a Christmas lunch and gift-opening party at the home of one of our KG staff members. We prepared specific gifts for each child and shared in their joy and excitement as they opened their presents.

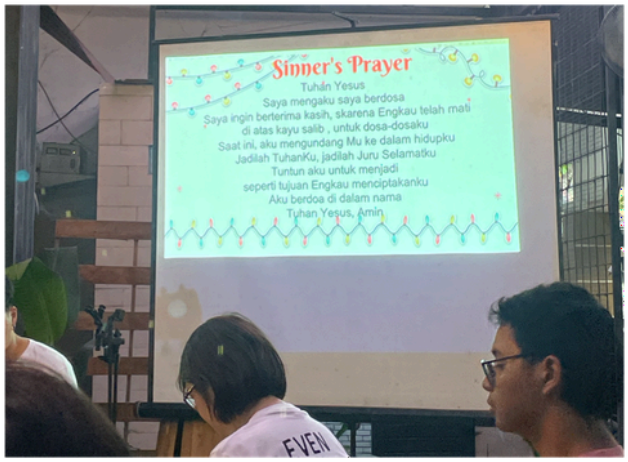

Hope Cafe

We were invited by friends to a Christmas event at Hope Cafe, a cafe owned by local believers. After an evening of fun games and great food, there was a clear gospel presentation followed by an invitation to pray the sinner's prayer. It was such an amazing way to bring the message of Christ to M_slims and H_ndus who do not have the same access to the gospel that we have in the States. Christmas truly is a wonderful season to share about Jesus and His message of hope.

Merry Christmas

Sinner's Prayer
Tuhan Yesus
Saya mengaku saya berdosa
Saya ingin berterima kasih, skarena Engkau telah mati
di atas kayu salib , untuk dosa-dosaku
Saat ini, aku mengundang Mu ke dalam hidupku
Jadilah TuhanKu, jadilah Juru Selamatku
Tuntun aku untuk menjadi
seperti tujuan Engkau menciptakanku
Aku berdoa di dalam nama
Tuhan Yesus, Amin

KME 2025 Ends

The three students have completed their KME training and are now moving into FPD (Financial Partner Development) to raise support for their next steps. They will begin KDT (Kairos Deployment Training) in March before being deployed to their respective locations.

We are mobilizing for the next KME school in March 2026! Please help us spread the word and let us know if you or anyone you know would be interested. We are praying for more laborers to be sent into the harvest.

*Please feel free to share these photos below to share about KME 2026.

Seed Day

Wednesdays are what we now call “Seed Day” because we sow seeds of the gospel and the love of God by intentionally approaching strangers—whether on the street, at a food stand, at the market, the mall, or on the college campus. Most of these interactions don’t end with someone repeating the sinner’s prayer or accepting Jesus as their Lord and Savior. However, every encounter is led by the Holy Spirit, who lives in us and loves each individual, desiring to have a relationship with them. We believe that not a single meeting is an accident or a coincidence but rather an opportunity for God to display His love through us. And God, in His mercy, is the one who brings the growth (1 Corinthians 3:6—7).

A Difficult Update on Awan

> *And I will give them one heart, and a new spirit I will put within them. I will remove the heart of stone from their flesh and give them a heart of flesh. — Ezekiel 11:19*

We sent an email in November requesting prayer for Awan's salvation. We are so thankful for the prayers that were lifted up and not a single one fell on deaf ears. We believe in the power of prayer and intercession, and we still hope and believe for God to do what only He can do.

This is a condensed version of a long and complex situation that leaves us to pray even more fervently for Awan. We discovered that Awan's issues were not only health-related, but also involved serious financial debt and a pattern of deception. Awan scammed multiple people, and he is now facing the consequences of those choices.

A Timeline of Events

Thursday Nov 13: We had invited Awan to come over to our home. We prepared a meal and planned to ask him to stay with us for a month to help manage his uncontrolled diabetes. He never showed up, leaving us waiting all day. That night, he apologized via text, saying he was in trouble. We were aware of some financial issues and work mistakes, but not the severity of the situation.

Sunday Nov 16: A strange man came to our house looking for Awan while we were all home. We had no idea who he was or how he knew our address. He revealed that Awan had falsely represented himself as a villa owner and had used photos of our home to gain

bounty hunter and decided that a stronger boundary needed to be drawn with Awan for the safety of our family.

That Same Evening: Awan came over, and we confronted him, urging him to repent and turn himself in. He was completely in denial of how much his actions have affected others. I (Howard) fed him, prayed for him, and then sent him away. This was only the beginning. In the following weeks, we uncovered more details about his scams and the extent of the hurt he caused.

The truth was a shock, and the sense of betrayal was profound. My family and I were deeply hurt because we had built what I believed was a genuine friendship. We truly love and care for him even now. I didn't realize the depth of his betrayal and how much it caused me to withdraw, which is why this update was difficult to share as soon as we found out.

I have maintained some minimal contact with Awan, occasionally sending him Bible verses and prayers and encouraging him to do the right thing. He has started to pay some people back, but he still refuses to take full responsibility for his actions. While I forgive Awan, I am currently navigating how best to protect my family moving forward.

A Request for Prayer

Please continue to pray for us to have wisdom in this situation. We specifically ask for prayer for Awan's heart, that his "heart of stone" would become a "heart of flesh," that he would take full responsibility for his actions, and that he would truly repent and turn to Jesus as his Lord and Savior.

English Corner and Umah Puan both continue to thrive.

English Corner: Recently, we had to move the location to a staff member's house temporarily because the prayer room that we usually use almost burned down due to the stabilizer catching on fire.

We had a bible study with a few women from Umah Puan.

We had a joint Christmas party with English Corner and Umah Puan attendees.

We invited Abbalove's members who are part of The Bridge over to our home for board game night.

As always, thank you for reading, and may the Lord bring you much peace and joy throughout this year!
